MEMORANDUM FOR: Chief of Logistics

ATTENTION : Chief, Real Estate and Construction Division

SUBJECT : Letter to General Services Administration

Colonel White believes that sending a letter of this type to Mr. Mansure would be premature, and that it might adversely affect plans for the new building. He gave me the following items about which a letter could be constructed:

a. That the construction of the proposed bridge will result in the Agency losing a number of its buildings.

b. That this appears the right time to go ahead to obtain a building for CIA.

c. That it would be ideal if the construction of the bridge could be delayed until a new building is ready for the Agency.

d. That in the event a new building is not ready or available when the bridge construction begins, GSA should now begin to give consideration to the housing of Agency elements forced to vacate space because of the bridge construction.
